

Happy New Year!! From everyone at Pennine Magpie.

We hope you all had a fantastic Christmas and partied the night away new years eve.

2012 is going to be a great year for us, with more great sessions being delivered every day.

The Boxercise sessions have been incredibly well received and are set to continue well into the new year.

2012 also brings some new sessions such as,

- Story Writing,
- Basic writing skills
- Book club.

Due for installation late January is a brand new computer suite, consisting of 8 state of the art computers, interactive white board and full ISDN internet access! (see picture on right).

**The Queen's Award
for Voluntary Service**

The new computer suite will have 8 computers and at the touch of a button you will be able to make the centre console disappear into the table, instantly making a useful working space!

A quick thank you to all who were involved in the show that took place in November 2011. It was watched by over 150 people and the feedback was excellent!
